Why do you want to join EDC

i have personal interest in business related activities going around the world.....have started reading articles and found interest in these activities....EDC would provide a good platform to nourish my interest.....

What other activities are you a part of?

joined asme, won an event in it but dint go further in it as lack of interest.....was interested in business related activities thats why just went for share but dint get in the final team....

Strengths/Skills

a bit of programming and Photoshop, if theres an opportunity and work related to these ,i can work a bit harder in them as i know the basics.....
