

Entrepreneurship Development Cell, IIT Roorkee
Recruitment (zeppelin)

Name	PRAVESH JAIN	
Branch	Geophysical Technology	
Email	praveshjain71@yahoo.com	
Phone	08979523493	

Why do you want to join EDC

I want to do something big while I am on the IITR campus, not taking apart the fact that, earning money would be one of the sole motives. Entrepreneurship provides a very good opportunity to achieve the same. Through EDC, I want to expose myself to the the market strategies and the "whole setting up" procedure in short, the able guidance of the seniors being a major incentive. This is evident from the fact that I attended BUSINESS BAAAZIGAR, where we emerged as the winners. I have been attending all the e club meetings under RAZAK SIR. The meetings have been really motivating and in a way have helped me channelize my ideas. In the future, I am very much looking forward to setting up my own Gaming Zone outside the IITR campus (which was my JUGAAD IDEA), and I also have plans for applying the ADISTER funda in my own city , as I see it as an immensely potential start up. And I see EDC, as an essential and very effective tool for achieving all that.

What other activities are you a part of?

IEEE, GEEK GAZETTE (finance), PROGRAM MANAGEMENT(NSS)

Strengths/Skills

yeah, I can do programming upto a certain level. I also assure very good communication skills from my side , which I tend to improve to a much higher level. Apart from these, what I see as my major USP or quality is the fact that I am a genuine worker and am religious in whatever job that I carry out.
