EDC is one of the most prestigious & successful groups in IITR. The group comprises of some very dedicated, knowledgeable & talented people (our seniors). Its alumni circle has been very successful in their respective fields. I, personally, want to pursue an MBA degree after my graduation & I believe that being a part of EDC & working under & with the supervision of such seniors would greatly enhance my chances of success & will give me some much-needed forehand experience.

**What other activities are you a part of?**

Currently I am not involved in any on-campus groups.

**Strengths/Skills**

I know Adobe Photoshop. I also possess leadership qualities & communication skills & can convince the person of my thoughts.
